

Meet Benny

A last-minute brunch for 40 guests

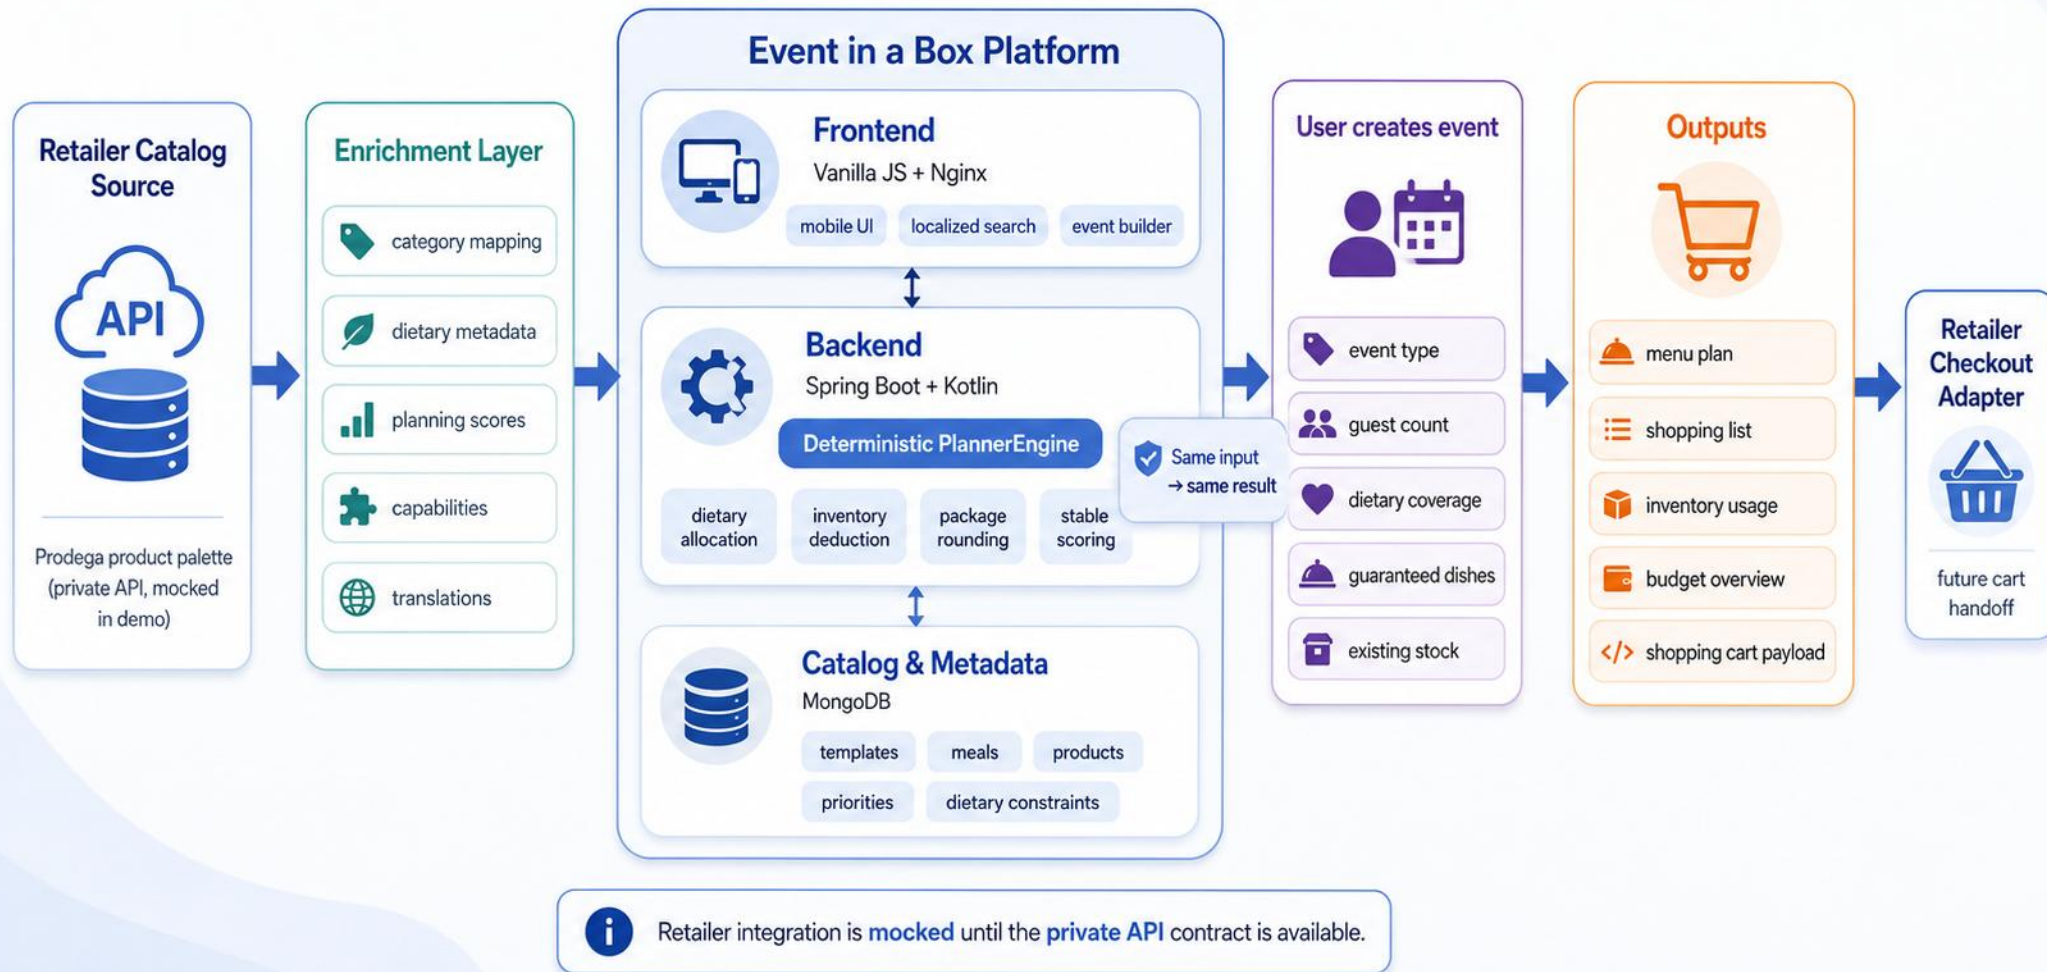

Benny stays chilled —
the tool handles planning, quantities and shopping.

From one phone call to a complete, **explainable** event plan.

Event in a Box – System Architecture

Retailer catalog in, deterministic event planning, shopping cart out

Event in a Box – Planner Engine

Deterministic selection from JSON catalog data

Inputs & weights

- event type
- guests
- dietary coverage
- guaranteed dishes
- stock

Priority weights

- price 40%
- swiss 20%
